DETAILED ACTION

Status of the Application

Claims 7-14, 40-42 and 45 are pending.

Amendment of claims 7-14, 45, and cancellation of claims 38-39 and 43, in a communication filed on 2/11/2004 are acknowledged.

Reasons for Allowance

1. The following is an Examiner's statement of reasons for allowance. Although the prior art discloses the production of RNA free cellular components, the Examiner has found no teaching or suggestion in the prior art directed to the production of RNA free cellular components wherein the cellular component is produced in the same cell as the RNase used to inactivate RNA, and wherein the RNase is secreted to the periplasm or the medium. Therefore, claims 7-14, 40-42 and 45 directed to a method of preparing a substantially RNA-free cellular component by (1) culturing a microbial cell capable of producing the cellular component and RNase, wherein the RNase is secreted into the periplasm or the medium, and (2) allowing the RNase to degrade RNA, are allowable over the prior art of record.
2. Claims 7-14, 40-42 and 45 are allowed.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Delia M. Ramirez whose telephone number is (571) 272-0938. The examiner can normally be reached on Monday-Friday from 8:30 AM to 5:00 PM.
5. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Ponnathapura Achutamurthy can be reached on (571) 272-0928. Any inquiry of a general nature or
